Advising notes and requirements to confirm

This is a planning worksheet, not a verified current degree audit. The source plan was dated Fall 2021. Course availability, core seminar count, GE categories, and the required major / Area of Emphasis units must be checked against the current catalog and the student's ARR.
The 2021 source lists 120 total units and 40 upper-division units for graduation; confirm current applicability with an advisor. The former LIBS 204/205, 208/209, 410, and 499 entries have been removed as requested.
