Dear Teacher or Principal:

In order for students to gain admission into a teacher preparation program, the School of Education requires those students to volunteer a minimum of 45 hours inside a classroom setting.

The following student has asked that you certify that she or he has volunteered in your classroom. Would you please complete the form below, indicating the number of hours and the period of time the student volunteered. It would be helpful to the student if you provide frequent evaluation sessions and an exit interview. Please understand that this student is a mandated child/neglect reporter.

If you have any questions or concerns, please call me at (707) 664-3182.

Sincerely,
Benjamin Frymer, Ph.D., Professor
Hutchins School of Liberal Studies
